

**Transition Kerry and Claiming our Future invite you
to**

A Gathering with a difference...

DATE FOR YOUR DIARY!

SATURDAY 12TH MAY 2012

10.00 – 3.30PM @ Carlton Hotel, Tralee

LUNCH PROVIDED

FREE EVENT

Kerry is dependent on sources outside of the county for most of our food, fuel, energy, a lot of our jobs, and most of our “stuff”. We need to become a more self-reliant and sustainable community.

This event is about working together, to discuss and build support for a more resilient community & economy, based on environmental sustainability.

Transition Kerry and Claiming our Future are jointly hosting our first discussion in Tralee on Saturday May 12th. We want you to participate with your ideas, perspectives and priorities. The event will only work if we have your input

- What is **your** vision for Kerry in 2020?
- What are the characteristics of a resilient community?
- How can we build a resilient community for ourselves and our children?
- What needs to change?
- What can **you** do?

Put aside a few hours on May 12th and become part of the transition!

BOOK NOW!

website will be live from Monday 16th april
